6. S.Patti Study center Inauguration (09-09-19)

As a part of our trust activity we have initiated a training center at S.Patti village, Dharmapuri, to guide and train village students those who have completed their degree in clearing government exams. With proper planning we have started our first training center in S.Patti village, Dharmapuri district on 09-09-19. The aim of the center is to conduct regular classes related to government exams and conduct periodic assessments to enhance their skills so that they will be in a position to clear their government examinations with ease. Thanks to our center coordinator Mr.Presnevw for coordinating things in a systematic manner. Around 25 students were selected among 50 students based on their interest and family background. Weekly once exams are to be conducted for which Abdul Kalam trust would be supporting us in providing the necessary question papers on weekly basis. The expenses for trainers and stationaries for conducting the exams would be taken care by our Helping Hands Trust. Hopefully with the support of all the students, trainers and coordinators maximum students might clear their upcoming exams.

9. Newspaper article of our Helping hands team services (Krishnagiri today) (19-09-19)

Our helping hands services have been published in Krishnagiri 19.9.2019 newspaper. The editors came to know about our services and have interviewed us regarding our services. Minimal information is being published in the first version. They would be publishing our services as a whole as an article for about three pages in their next issue. For moving forward to tap CSR funds we need such recognitions.
